The list will be on the wall outside the office door. Please check your name when you arrive so that Fr Don can see who is here.

## Financial Update

April 13, 2010

As of the end of March (prior to the Easter services), we have received as regular donations \$8400 less than we budgeted for at Vestry. This is not too surprising, as regular donations typically lag in the first few months of the year – i.e., after Christmas. What is of more concern is that in our first three months we have received \$2992 less than in 2009 – 6.7% less. In other words, we are behind where we were last year at the same time, even though we are working within a significantly smaller overall 2010 church budget.

Fortunately, for the moment our church expenses are a bit less than last year at this time – about \$1,600 less.

We are a bit concerned, and would ask our parish members to do their utmost to keep their normal givings up-to-date. We would dearly like to avoid the late-year financial pinch we experienced last fall. The easiest way to avoid such a situation is to have regular givings be maintained throughout the year.
